HOW TO PLAY

You, Master Higgins must explore 8 different islands. In each island, there are 9 to 14 extraordinary areas to discover. In the beginning, you will start with nothing. As you explore the islands, you'll find eggs which will contain helpful items as well as harmful ones.

Keep firing your weapons as you play along. When you hear a peculiar noise, go to that spot and jump up and down once. You will find an egg which will take you to a bonus stage, warp zone, or secret room. Don't forget to eat fruits, meats and milk to keep your energy level up.

ITEM SELECT

At the beginning of each area, you will see an item select menu as seen below. This will enable you to save the items that you have obtained so that you can use them in other areas.

CONTINUE/STAGE SELECT

CONTINUE

You can continue from the island you left off simply by pushing the "start" button as long as the word continue appears on the screen.

You can even keep all the items you've obtained and still continue. Just press LEFT and START. But remember, you must have the Hudson Bee which will be given to you in one of the secret rooms.

STAGE SELECT

You can select the island you want to play using the following code:

**PRESS RESET, then press
RIGHT, LEFT, RIGHT, LEFT, A, B, A, B**

ITEMS

You will find eggs as you venture through the islands.
The egg will contain one of the following items:

BLUE CAMPTOSAURUS

This dinosaur attacks and defeats the enemies by whipping its tail. But don't take this guy to the ocean because he can't swim.

RED CAMPTOSAURUS

This dinosaur spits fire as he destroys everything except fire. Don't take this guy to the ocean either or you'll just waste him.

ELASMOSAURUS

You can take this helpful serpent to sea and swim faster.

PTERANODON

This creature enables you to fly over all the obstacles as it drops rocks. You guessed it. This guy can't swim either.

ITEMS

STONE AXE

Throw this axe to ruin the enemies, but be careful with stones and fires.

SKATEBOARD

This skateboard will move you faster, but you can't stop unless you stumble.

FLOWER

This flower doubles the points every time you eat an energy fruit.

MILK

Fill up your energy level to the maximum with milk. You're going to need all the strength you can get.

HONEY GIRL

This girl makes you invincible so run as fast as you can and knock'em dead.

EGGPLANT

Master Higgins' least favorite food. Takes energy away from you rapidly.
