Treat Your LJN Game Carefully

- This LJN Game Pak is a precision-crafted device with complex electronic circuitry. Avoid subjecting it to undue shock or extremes of temperature. Never attempt to open or dismantle the Game Pak.
- Do not touch the terminal leads or allow them to come into contact with water or the game circuitry will be damaged.

- Never insert your fingers or any metal objects into the terminal portion of the expansion connector. This can result in malfunction or damage.

INTRODUCTION

Sure you've always wanted to be a professional ball player but have you ever thought about managing? Well, here's your chance to prove yourself both on and off the field.

- You choose your starting line-ups based on individual stats and playing situations. Each of the 26 major league teams is represented with its own full roster.
- You make managerial decisions like using a pinch hitter, bringing in a relief pitcher, choosing a D.H. to face a lefty or having a switch hitter swing from the other side.
- You pitch, catch, hit, bunt, pitch out, steal bases, make spectacular fielding plays and even throwing errors.

...and because this is the only officially licensed Major League Baseball video game cartridge, you can actually play American and National League regular season games, All-Star games and the World Series using all your favorite teams, complete with home and away uniforms.

This is Real baseball...for Real baseball fans.
