# WINTER GAMES™

## THE SCENE

**The Place:** Calgary, Alberta, Canada.

**The Time:** Winter, 1988.

**The Event:** The Winter Games.

No other international sporting event captures the hearts and imaginations of people the world over quite as much as the Winter Games.

The backdrop of snow-capped peaks. The glow of flushed faces of the young athletes. The sparkle of the snow, ice and glistening northern sun. It's all part of the spectacle and pageantry of the Winter Games.

And you're a major part of all the excitement! You compete in four different events: HOT DOG AERIALS, SPEED SKATING, FIGURE SKATING and the BOBSLED. Each requires a different set of skills, strengths and styles. But all require disciplined, dedicated training.

In the HOT DOG AERIALS, you're up against the world's top ski jumpers. Where guts, grace and precision are your measures of success.

In SPEED SKATING, strength and endurance are what it takes to put you ahead of the game.

FIGURE SKATING takes perfect timing. Along with exceptional style and form.

And the BOBSLED, the most hair-raising of all the events, puts you on a collision course — where every turn is a test of reflexes, timing and nerves.

The more you practice, the higher you're going to place. When you think you're ready, choose your country and register your name. Then go for the gold!

WINTER GAMES™ will keep track of your scores. Plus, if you break a "World Record," your name will be added to the special World Records screen.

## THE SET UP

1. Make sure the power switch is OFF.
2. Insert the WINTER GAMES™ CARTRIDGE as described in your

NINTENDO ENTERTAINMENT SYSTEM® manual.

3. Turn the power switch ON.

## OPENING CEREMONY

Once you complete the above steps, you'll find yourself in the middle of the spectacular opening ceremony. You'll witness the lighting of the symbolic fire that burns constantly throughout the WINTER

GAMES. And you'll see the release of the white doves that represent world peace.

Once the fire has been lit, proceed to the OPTIONS SCREEN by pressing the START BUTTON.

## THE EVENTS

All four events require a different set of athletic abilities. But the goal is always the same: to go for the gold!

### HOT DOG AERIALS

This thrilling demonstration sport combines nerves of steel with precision placement. Plan your daredevil moves *before* you ski off

the summit. Because there's no time for changing your mind when you're hanging in mid-air!

**To begin your jump** — Press  
BUTTON A

**To control your moves** — Press the  
CONTROLLER in the direction of  
the move you want to make. (See  
illustration below.)

**NOTE:** At the end of any competition event, press BUTTON A to view your scores, then press A again to go on to the next event.

In a practice event, press BUTTON A to go back to the OPTIONS SCREEN.

### **Hot Dog Aerial Scoring** —

Your scores will be based on the number of moves you are able to perform in one jump. And, of course, on your success in negotiating those moves.

Watch your landing. There are no points for falling — no matter how magnificent your moves are.

At the end of each jump, your score will be displayed on the screen. Here is the breakdown:

<i>STUNTS</i>	<i>POINTS</i>
1 Stunt	6.3
1 Flip	7.2
2 Stunts (Same Kind)	8.7
2 Flips (Same Kind)	9.2
2 Stunts (Different Ones)	9.6
1 Stunt and 1 Flip	10.0
2 Flips (Different Kinds)	10.0

## SPEED SKATING

No other self-propelled athlete can gain as much speed as a champion speed skater. Reaching speeds of up to 30 miles an hour, speed skaters can easily overtake even the fastest track runners.

As a SPEED SKATING contender, you'll be racing side-by-side against a computer opponent. And in a two-player game, each player will have his or her own computer opponent.

**To start the countdown** — Press **BUTTON A** and be prepared to take off after you see the countdown "READY — SET — GO" in the lower right corner of the screen.

**To skate** — With both of your thumbs, press the **CONTROLLER RIGHT** and **LEFT** — as if each thumb were a skater's leg. Be sure to use rhythmic movements while building up to your fastest possible speed.

**To pace yourself** — Watch your time in the lower right corner of the screen. Also, you'll skate by a marker every 100 meters, to let you know how far you've gone.

**NOTE:** At the end of the competition, press **BUTTON A** to view your scores, then press **A** again to go on to the next event.

In a practice event, press **BUTTON A** to go back to the **OPTIONS SCREEN**.

### ***Speed Skating Scoring —***

There are no point breakdowns for Speed Skating. The skater with the fastest time wins the race.

### **FIGURE SKATING**

It's one of the most beautiful events to watch. And one of the most difficult to perform!

To get the best possible score in the one-minute **FIGURE SKATING** event, you must demonstrate your skills by completing at least seven movements. The order is up to you. The excellence of your grace and form is up to the judges.

**To begin skating** — Press  
BUTTON A

**To skate forward** — Press the  
CONTROLLER to the right.

**NOTE:** You must be skating forward when your time runs out. Otherwise you'll fall.

**To skate backward** — Press the  
CONTROLLER to the left and press  
BUTTON A.

**To begin a move** — Hold down  
the CONTROLLER in the direction  
of the move you want to make  
(see illustration below) and press  
and release BUTTON A.

**To complete a move** — Release  
the CONTROLLER and press  
BUTTON A again.

### **Jumps** —

Here are the steps to follow for each of the four jumps:

#### **Double Axel Jump and Triple Axel Jump:**

Begin by skating *forward*. Then hold down the CONTROLLER (in the direction indicated above) and press and release BUTTON A.

### **Double Lutz Jump and Triple Lutz Jump:**

Begin by skating *backward*. Then hold down the CONTROLLER (in the direction indicated above) and press and release BUTTON A.

### **Spins —**

To perform a perfect **Camel** or **Sit Spin**, begin by skating backwards. Then, while holding the CONTROLLER in the UP or DOWN position, press and release BUTTON A.

When performing your spins, try to make at least six rotations. Any less, will make your performance awkward. Any more, will make you dizzy.

### **Camel into Sit Spin:**

Begin your Camel Spin as described above, then hold the CONTROLLER in the DOWN position while you press and release BUTTON A.

**NOTE:** At the end of a regular event, press BUTTON A to view your scores, then press A again to go on to the next event.

### **Figure Skating Scoring —**

The best possible score is 6.0.  
Here are the successful movements  
you must complete to attain it:

**NOTE:** Only the first attempt at  
each movement completed within  
your one-minute time frame is  
scored.

<i>MOVEMENT</i>	<i>POINTS</i>
Camel Spin	.7
Sit Spin	.7
Double Axel Jump	.6
Triple Axel Jump	1.1
Double Lutz	.6
Triple Lutz	1.1
Camel into Sit Spin	1.2
<b>TOTAL SCORE</b>	<b>6.0</b>

<i>PENALTIES</i>	<i>POINTS LOST</i>
A Fall	-.7
An awkward movement	-.2

## THE BOBSLED

Some say it's the most thrilling of all Winter Games events. You'll reach speeds of up to 90 miles per hour while careening through hair-raising turns and bumpy straightaways.

**To start the race** — Press **BUTTON A**

**To guide your sled** — With both of your thumbs, press the **CONTROLLER RIGHT** and **LEFT** — to steer and to avoid capsizing. Steer hard in the opposite direction of your turns.

**To reduce speed** — Press the **CONTROLLER DOWN**.

**NOTE:** Be sure to watch both the map screen *and* the close-up screen to anticipate and maneuver the curves. Also, keep an eye on the speed meter. You don't want to go too fast around those tight turns.

### **Bobsled Scoring —**

There are no point breakdowns for the Bobsled. The one with the

fastest time through the track wins.

**NOTE:** At the end of the competition event, press **BUTTON A** to view your scores, then press **A** again to go on to the next event.

In a practice event, press **BUTTON A** to go back to the **OPTIONS SCREEN**.

## **THE SCORE**

### **AWARDS CEREMONY**

At the end of every event, your name, the country you represent and your score will be listed. If you've won the Gold Medal — with the highest score — your name will appear at the top of the screen and the national anthem

of your country will be played.

### **WORLD RECORDS**

Whenever a World Record is broken, the new record (with the player's name and country) is recorded and displayed on the World Records screen.

## GO FOR THE GOLD

You're among an elite handful chosen to represent their countries in The Winter Games. A combination of athletic strength, stamina and determined hard work have brought you here. And it's these same qualities that will get you the gold.

So don't let go now. You're so close...

Do it for yourself. And do it for the millions at home cheering for you.
