A Letter from Peach

Hello there, Mario!

I am now on holiday, traveling in the Mushroom Kingdom.

In my travels, I came into possession of a mystical map...a treasure map, actually. It was inside a box I got from an old merchant in a town called Rogueport.

But since it would be too difficult for me to try to go find treasure all by myself... I thought you could help me hunt for it! You will, of course, won't you?

I've included the map with this letter, so please bring it with you when you come. I'll meet you at Rogueport. (That means you **MUST** come!)

Notes

Try some of Zess T.'s home cooking!

After you've been on your adventure for a while, you'll be able to get Zess T. to cook for you. When she cooks up an item, it can change into a totally different item with a different effect. You'll have to complete a certain event to get her to cook for you.

Try helping people out through the Trouble Center!

People who need help often post a request at the Trouble Center. If you help them out, they'll reward you with coins and more! But if you cancel a help request, you'll be charged a few coins.

Stand in front of the Trouble Board and press **A** to accept a request.

Look for hidden Item Blocks

Jumping in certain areas may reveal a hidden Item Block. You may get rare items from these, or simply create an important stepping stone to another area!

You can reveal hidden blocks by jumping into them or by hitting them with Koops's shell.

So **Mario** headed for Rogueport, where he knew **Peach** was waiting...but she was nowhere to be found. Where had she gone?

When Mario started to walk around town to look for her, though, he found himself in the middle of a sticky situation. He ended up helping a sweet **Goomba** gal who was in trouble. Her name was Goombella, and she claimed to be in the midst of a treasure hunt...

When Mario told her that he had a **treasure map**, Goombella took him to see Professor Frankly, a wizened old archaeology professor who knew much of local legend.

According to the professor, in order to find the **legendary treasure**, they would have to first find and collect all seven **Crystal Stars**. Only then would they be able to open the **Thousand-Year Door**, behind which the treasure lay:

Luckily for them, the map that Peach had sent was the very **Magical Map** that showed the locations of the Crystal Stars!

By following the map, perhaps they will also find Peach... A grand adventure awaits Mario and his friends!

Always check trees and clumps of grass!

Doing a Ground Pound on some parts of the floor may also make them appear.

Attacking a Koopa with the Hammer

$$\text{Attack } 1 - \text{Defense } 1 = \text{Damage } 0$$

Your hammer has an Attack of 1, and this Koopa has a Defense of 1, so you will cause no damage with your hammer.

If you succeed at an Action Command, your attack with the hammer will have an Attack of 2, so you will cause 1 point of damage.

BINGO icons appear here.

If two such icons match, then upon your next successful Action Command, you'll be given the chance to stop a rotating icon wheel for the third mark with **A**. Try to make all three icons match.

If all three icons match, you'll receive a **BINGO bonus** according to the icons you matched. You may recover HP, FP, or other things.

If you match three **Poison Mushrooms** on the BINGO wheels, then Mario and his partner's HP and FP will be reduced by half, many audience members will leave, and Mario's Star Power will be cut in half.

Audience members throw stuff!

You can attack audience members preparing to throw things by pressing **X**. But sometimes your **fans** will throw helpful items, so pay attention!

Gaining Star Power.....

Using special moves depletes Star Power, but you can gain more in battle with the actions described below. The more audience members that are present, the faster your Star Power will fill up.

Appeal → P.22

Choosing Tactics on the battle menu will allow you to **Appeal** to your crowd and increase your Star Power.

Complete Action Commands → P.18

If you succeed in completing Action Commands while attacking, you will gain Star Power and increase the size of your audience. Failing Action Commands decreases the size of your audience.

Immediately before and after your attack connects, you can use **A** with good timing to do Stylish moves with each attack. These are not Action Commands, and they don't influence the damage you do, but they can help you recover large amounts of Star Power.
