**PRE-HISTORY**

**AC2016**

The population of humans was growing fast enough to expend nearly all natural resources on earth. Earth was about to face a real crisis. The Federal Government was beginning to plan for space exploration for rescuing earth by undertaking "a space colony enterprise". Together with the colony construction, the study of mighty androids for working in space was continuing with rapid progress. Artificial life which would help determine the destiny of human life was about to be born.

**AC2020**

A Brutal alien appeared in front of the humans who had succeeded in space exploration. The Federal Government decided to deploy military androids to function under the command of the Super Computer. The people welcomed the military colony co5 equipped with the most advanced and modern technology with open arms.

**AC2030**

10 years later human greed caused sudden tragedy when the humans became intoxicated with their own prosperity. The co5 androids which previously had been protecting the humans from "alien" suddenly malfunctioned and revolted. The Federal Government announced that it was due to a malfunction of Cyber-Lip, the famed super computer various distortions of science were being created causing mass chaos.

# STAGE

There are 7 stages. In the 3rd through 6th stage, you will see the "minus stage". Inside the military fortress "Colony co5" which is the main part of the game, you will experience Labyrinth (or a Maze) and each stage is connected up and down by an elevator.

## 1st stage (Ghost Town of New York)

The mad android and alien have come and settled in the trashed Manhattan area, where it has become a "No trespassing" area.

## 2nd stage (Colony co5: residential area)

This used to be a quiet and prosperous area that has completely become a no-man's land by the order from the military fortress headquarters. There will no longer be peace and silence there.

## 3rd stage (Colony co5: industrial area)

This area was used by humans, however, since they were forced out by the super computer to established a military fortress, it has become an android factory. Rumor is spreading that they are making more awful things than just androids.

The further you proceed, your mission becomes clear and soon what puzzled you will become clear, and the mystery will unravel.
