This is the Diamond version of Pokémon. The main difference between this game and the Pearl version is how often and which types of Pokémon appear. Pokémon Diamond can communicate with the Pearl version using Wireless Communication. It can be linked to the Ruby, Sapphire, FireRed, LeafGreen and Emerald versions using the Dual Slot function of the Nintendo DS. It is not possible to communicate with the Red, Blue, Yellow, Gold, Silver, or Crystal versions. This product is also NOT compatible with Pokémon Stadium, Pokémon Stadium 2 for the N64, or Pokémon Colosseum, Pokémon XD, or Pokémon Box for the Nintendo GameCube, or any Pokémon Battle-e Cards.

YOUR ADVENTURE BEGINS

In this world live creatures called Pokémon. Humans and Pokémon have lived, worked, and played together in harmony for ages. Nevertheless, there are still numerous mysteries surrounding them. In order to find out more about these creatures, many scientists—such as Professor Rowan of Sandgem Town—have dedicated their lives to Pokémon research.

One day, in search of rare Pokémon, you and your friend take a hike around the lake close to your town. While looking around the lakeside, you see two strangers talking about Pokémon. After they leave, you realize that they left a briefcase behind. You and your friend talk about what to do with the briefcase.

- * In Pokémon Diamond, you can choose from either a boy or girl. No matter which one you choose, there is no difference in the story. However, it is recommended that you choose a character with the same gender as yours.
- * Pokémon Diamond uses the clock feature of the DS system. Please do not change the DS system you are using or change the time setting of your DS system. This will affect your adventure such as how Berries grow in the game.

OBJECT OF THE GAME

④ Set out for adventure in the Sinnoh region!

The Sinnoh region is filled with many strange and mysterious wonders. Your adventure will mature you as a trainer and have you cross paths with many people. Only with the help of friends and the cooperation of your Pokémon will you be able to complete this daring adventure.

④ Catch Many Different Pokémon!

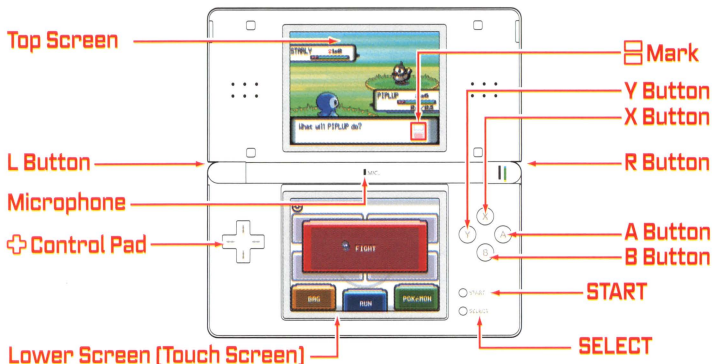

Your goal is to complete your Pokédex by collecting lots of different kinds of Pokémon. When you catch a Pokémon, its data will automatically be recorded in your Pokédex. Visit Professor Rowan every once in a while to have him rate how complete your Pokédex is.

* In order to catch all the Pokémon in the Sinnoh region, thus completing your Pokédex, you must trade with the Pearl version. Work together with your friends to get your Pokédex as complete as possible!

④ Become the Best Trainer Ever!

Another goal is to improve your skills as a Pokémon Trainer. During your adventures, you'll battle wild Pokémon, as well as other Trainers. Both types of battles will help you and your Pokémon become stronger. There are also Pokémon Gyms in the Sinnoh region, each of which has a very talented Trainer known as the Gym Leader. Only those who defeat the Gym Leaders will be accepted as true Trainers. It will be a tough fight, but you must be brave and charge into battle!

ABOUT BATTLES

There are two kinds of battles. One is when you fight against wild Pokémon, and the other is when you battle other Pokémon Trainers. When a battle starts, the Pokémon on the top left of your Party Pokémon will appear first. If you win the battle, each Pokémon that participated in the battle will receive a share of the Experience Points. However, if all your Pokémon faint, you will lose the battle, lose some of your money, and be returned to the last Pokémon Center you used.

Fighting Wild Pokémon

Pokémon live in places such as caves and grassy areas, so when you pass through such places, wild Pokémon may attack. When they do, you can use a Poké Ball (or another type of ball) to catch them.

Battling a Pokémon Trainer

If you make eye contact with a Trainer, or walk in front of one, they will challenge you to a battle. You cannot run from a battle against a fellow Pokémon Trainer. The battle will continue until one of you loses all of your Pokémon. If you are victorious, you will be rewarded with prize money.

*** You cannot capture an opponent's Pokémon.**

During a battle against a Trainer, the number of Pokémon you each have will be indicated by a  symbol.

The Battle Screen/Single Battle

- HP** Pokémon's health. When their HP reaches 0, the Pokémon faints and can't battle any more.
- Experience Points** Experience Points: Displays the Experience Points in the current level. When the gauge becomes full, the Pokémon's level goes up (see page 21).

- Fight** Display the Pokémon's Moves. Select one to attack.
- Bag** Open your bag. Gain access to helpful items.
- Run** Attempt to escape from a battle. You cannot run from a battle against a Trainer.
- Pokémon** Switch Pokémon or look at a Pokémon's summary.
- Poké Ball** Watch for shaking Poké Balls as they contain Pokémon that are close to gaining a level.

Fight (use a Move)

Touch "FIGHT" or select "FIGHT" by using the \oplus Control Pad and pressing the A Button. Next, touch a Move or select one by using the \oplus Control Pad and pressing the A Button. While in a Double Battle, select which Pokémon you want to target with a Move. Touch "CANCEL" to return to the previous screen.

PP The Number of times a particular Move can be used. When PP reaches 0, the Pokémon can't use that Move anymore.

⊗ Bag (use an item)

Touch "BAG" or select it by using the ⊕ Control Pad and pressing the A Button. Then select an item category and choose an item from the list.

⊗ Pokémon (switch Pokémon)

Touch "POKÉMON" or select "POKÉMON" by using the ⊕ Control Pad and pressing the A Button. On the next screen, choose the Pokémon you want to switch, then confirm by selecting "SHIFT."

⊗ When Status is Affected

When you get hit by an opponent's attack, your Pokémon's status might be affected. However, you can use your items to help your Pokémon recover. Alternately, you can take it to a Pokémon Center where it will recover completely.

Poison Gradually decreases HP during the battle. If the Poison isn't cured, HP will continue to decrease even after the battle is finished.

* When affected by Poison, the screen will shake and a sound will be heard.

Confuse If the Pokémon uses a Move during battle, there is a chance it may attack itself. The Pokémon will recover when it goes back to its Poké Ball.

Faint When its HP reaches 0, the Pokémon can no longer battle.

There are some other status problems such as **Paralyze**, **Sleep**, **Frozen**, **Burn** and so on.

🔗 Tips for Fighting

🔗 Use Physical Move and Special Move effectively

Pokémon moves are classified into types such as "Physical" and "Special." There are cases where "Physical" Moves are not effective on some Pokémon. In other cases, "Special" Moves are not effective against others. Try to pick a Move that will take away an opponent's advantage.

🔗 Use a Pokémon's Type to Your Advantage

Various types of Pokémon (such as Electric, Grass, etc.) each have different advantages and disadvantages against other types. For example, Water-type Moves are super effective against Fire-type Pokémon, while Ground-type Moves have no effect on Flying-type Pokémon. Use these qualities to your advantage to come up with an effective battle strategy.

🔗 Use Your Pokémon's Ability

The Ability that your Pokémon has affects it both during battles and in the field. There are various abilities and effects. When your Pokémon's status has a status problem, its Attack will increase, or the ratio of encountering wild Pokémon will rise, and so on. Use your Pokémon's Ability wisely to size up and battle against opponents.

🔗 About Double Battles

When a Double Battle starts, the Pokémon on the top left and the Pokémon on the top right of your Party Pokémon will appear (see page 11). In addition to Moves that attack one Pokémon, there are also Moves that attack two Pokémon at the same time! Try things like throwing two different types of Pokémon into a battle so that your Pokémon avoid getting hit in their weak spot. Also, beat an opponent's Pokémon one by one with converging attacks.

CATCHING POKÉMON

You can catch wild Pokémon with Poké Balls [see page 26]. While in battle, touch "BAG" or select it by using the  Control Pad and pressing the A Button, then select "POKé BALLS." Select a Poké Ball you want to use and throw it at the Pokémon to try to catch it. After you have caught the Pokémon, you can give it a nickname.

✧ If your Pokémon party is full with six Pokémon, the new Pokémon will transfer to Someone's PC.

Where to Find Pokémon

Pokémon inhabit caves and areas with tall grass. If your Pokémon's HP is low, and you don't want to fight, avoid walking in those areas. Certain Pokémon only appear in the morning or in the late evening. Water-type Pokémon may appear when you are crossing a lake or ocean by using the HM Surf. You can also use a Fishing Rod by the water, or while crossing water, to catch some Pokémon. Press the A Button when "!" appears.

Tips for Catching Pokémon

If you use a Poké Ball on a Pokémon that has taken very little damage, it will break free of the Ball. You must first weaken the Pokémon by attacking it until its HP is low. It will also be easier to catch the Pokémon if you put it to Sleep, Poison it, and so on.

RAISING POKÉMON

🕒 Experience Points

When you win a battle, Experience Points are given to Pokémon who fought in the battle. When the Experience Point gauge completely fills, a Pokémon's level goes up. When a Pokémon gains a level, their stats get higher, and they might learn a new Move.

🕒 Tips on Raising Pokémon

🕒 Raising Low-Level Pokémon

Place the Pokémon you want to raise in the first slot of your Pokémon party. Immediately switch to another Pokémon as soon as you enter a battle. As long as you win the battle, even the Pokémon that didn't fight will receive a portion of the Experience Points. By repeating these steps, you can slowly but steadily increase the level of a weak Pokémon.

🕒 Traded Pokémon Grow Faster

Pokémon you get from a trade receive a larger-than-normal amount of Experience Points when they win a battle. Try to trade with your friends a lot (see page 36). However, if a traded Pokémon is too high a level, it might not listen to you...unless you have the right Badges.

🕒 Leave Your Pokémon at a Day Care

During your adventure, you will find a Day Care that will raise your Pokémon for you. It takes a while to raise them, so wait a bit before you come back to check on them. You will also need to pay a fee when you pick your Pokémon up from the Day Care.

☉ Pokémon Evolution

There are some Pokémon that evolve and change form as they grow. A Pokémon can evolve when its level increases, through the use of certain items, if it is traded, and so on.

☉ A Pokémon Egg

If you leave a couple of your Pokémon at the Day Care, you may return to find an Egg. Eggs will hatch if you keep them in your party long enough.

BUILDINGS IN TOWN

There are many different buildings and houses in the Sinnoh region. As you walk around, be sure to check out everything and chat with everyone you meet. You might find some useful information.

☉ Pokémon Center (PC)

The people here will heal your injured Pokémon for free. You can also use the PC here. A Pokémon Center is the most useful place a Pokémon Trainer can visit!

* Communication play can be done with your friends on 2F and 81F of a Pokémon Center (see page 36).

⚙ Healing Your Pokémon

Give your Pokémon to the lady behind the counter to completely recover their HP and PP. Your Pokémon will also recover completely if they have fainted, are Poisoned, and so on.

💻 PC

By using a PC, you can store or withdraw your Pokémon you've caught.

* PCs can be found in other buildings besides a Pokémon Center.

Someone's PC

Store or withdraw Pokémon you've caught. You can store up to 30 Pokémon in each of the 18 boxes. You can carry up to six Pokémon in your party.

Your PC

You can store Mail here and set or edit Ball Capsule.

Ball Capsule

Ball Capsule lets you change the animation when a Pokémon is sent out from a Poké Ball. You can slide seals that you own to the Capsule. Once you've finished applying seals, assign the Capsule to your Pokémon and watch what happens!

- 1 Seal Displays seals you own.
- 2 Switch Scrolls the list of seals you own.
- 3 Check Button .. Review the animation of the Capsule you just designed.
- 4 CONFIRM Press this if you are OK with the design.
- 5 CANCEL Return to the previous screen.

Rowan's PC

Professor Rowan will rate your current Pokédex. He will give you an important message according to the number of Pokémon recorded.

Poké Mart

Here, you can buy items that can help you on your adventure. Poké Marts in different towns sometimes sell different things. Also, the amount of Badges you have will affect what you can buy.

Super Contest

The Pokémon Super Contest is held someplace in the Sinnoh region. This contest allows Pokémon to compete using their charms. There are five competition categories to choose from: Cool, Beauty, Cute, Smart, and Tough. Your Pokémon will compete through 3 types of Contest: Visual, Dance, and Acting. You can even compete against friends using Wireless Communication (see page 44). Giving your Pokémon a Poffin can improve their condition (see page 28).

Talk to a receptionist and select a rank. At first you can only compete in Normal Rank Contests. Once a Pokémon defeats a rank, it can challenge the next rank. You'll find the entrance for Contest practice on the right side of the room.

🌀 Visual Competition

Dress your Pokémon with Accessories according to a given theme. Be aware of the time limit. Once you finish dressing your Pokémon, it is shown to the audience. The more hearts you receive from the audience, the higher the score you can get. A Pokémon's condition and dress can also affect the score.

🌀 Dance Competition

In a Dance Competition, one Pokémon becomes the main dancer and the remaining three are backup dancers. When your Pokémon is the backup dancer, try to duplicate the dance steps laid down by the main dancer. As the main dancer, your Pokémon can dance as it pleases. You can earn higher points if your Pokémon has a dance step that can't be imitated well.

🌀 Acting Competition

Use Contest Moves to appeal to different judges. You must choose a Move, then choose a judge to appeal to. The Move you use and which judge you appeal to will affect Contest scoring. Try to use the right move at the right time for bonus points. Try not to have your Pokémon scored by the same judge as other Pokémon.

VARIOUS ITEMS

There are various kinds of items in the Sinnoh region. Items can be obtained by buying them at stores and finding them during your journey.

Items

Items that improve Pokémon stats, relate to Pokémon evolution, and so on are listed here.

- Exp. Share** Your Pokémon will receive Experience Points even if it didn't participate in the battle.
- Repel** Prevents weak wild Pokémon from attacking for up to 100 steps.
- Escape Rope** Used for escaping from places such as caves.

Medicine

These items heal Pokémon or cure Pokémon status problems.

- Potion** Restores Pokémon HP by 20.
- Antidote** Cures Poisoned Pokémon.
- Ether** Restores Pokémon PP by 10.

Poké Balls

These are necessary for catching Pokémon. Use the different Poké Balls creatively depending on the types of Pokémon you encounter to increase your chance of catching them.

- Poké Ball** Catches wild Pokémon.
- Master Ball** Catches wild Pokémon 100% of the time.
- Dusk Ball** Catches wild Pokémon easily at night or in dark places like caves.

TMs & HMs

Both Technical and Hidden Machines allow your Pokémon to learn new Moves. Technical Machines [TM] can be used only once, but you can use Hidden Machines [HM] as often as you like. Different types of Pokémon will be able to learn different Moves.

Moves can be used in the field

There are Moves that can be used both in battle and in the field. Note that HM Moves cannot be used in the field until you obtain certain Gym Badges. Be aware that HM Moves cannot be forgotten by learning new moves. However, it's rumored that there is a way to forget your Pokémon's HM Moves.

Hidden Moves

- Cut Instantly cuts down trees that block the road.
- Fly Instantly returns you to a town you've previously visited.
- Surf Lets you move across water, such as the sea or rivers.
- Strength Pushes heavy rocks.
- Defog Clears deep fog.
- Rock Smash Smashes rocks that block the road.
- Waterfall Lets you climb up torrential waterfalls.
- Rock Climb Lets you scale rocky walls.

Moves

- Dig Lets you escape from places such as caves.
- Teleport..... Instantly warps you to the last Pokémon Center visited.

* There are other Moves that can be used in battles and in the field.

Berries

Pokémon holding a Berry can use it during a battle to restore itself or cure status problems. Berries are also used as ingredients in making Poffins [see page 28].

- Oran Berry A Pokémon holding this Berry will use it during a battle to restore some HP.
- Occa Berry A Pokémon holding this Berry lessens a super effective Fire-type attack against it.

About Berries

On your journey in the Sinnoh region, you will find some places where fruit-bearing trees grow. A tree will disappear once you pick its Berries; however, it will grow back if you plant a Berry in the same spot! Besides being the raw material of Poffin, you can use Berries to cure Pokémon status problems, exchange them for accessories, and so on. Grow many Berries by using mulch before planting, or by watering the trees as they grow.

Poffins

Poffins are sweets that increase the Condition of your Pokémon. The higher a Poffin's level is, the more you can increase a Pokémon's Condition. If its Condition is high, a Pokémon will enjoy greater ratings in a Pokémon Contest (see page 24). You can make better Poffins if your friends help you (see page 45). You will need the Poffin Case, obtained during your journey, before you can start making Poffins.

How to make a Poffin

Touch the Touch Screen to stir the pot in the direction of the arrow. Stirring too fast at first will cause the batter to overflow. Later on, stirring too slow will cause the Poffin to burn. The fewer overflows and burns you have while creating a Poffin, the better it will be! Because each Pokémon has its favorite Poffin, try feeding various kinds of Poffins to your Pokémon.

Pokémon migrated will appear in the Pal Park. Throw your Poké Balls to catch 6 Pokémon.

How well you score depends on how long it takes you to catch all 6 Pokémon.

* New Pokémon cannot be migrated until you finish catching the 6 Pokémon already in the Pal Park.

GYM LEADERS AND BADGES

There is a Leader in every Pokémon Gym. Every Leader is a tough, specialized Trainer. For example, one Leader may be an expert with Rock-type Pokémon, while another strikes with Electric-type attacks. However, if you are able to beat a Gym Leader, you'll receive an official Pokémon League Badge as evidence of your impressive victory. Wearing these badges allows you to use HMs which previously could not be used in the field, even if your Pokémon had learned them.

* In order for your Pokémon to use an HM, you must first obtain the actual HM and then teach it to your Pokémon.

The number of Badges you obtain decides what level of traded Pokémon will follow your orders.

Nintendo Wi-Fi Connection

Using Nintendo Wi-Fi Connection (WFC), Pokémon Diamond will enable you to connect with a friend and play over the Internet.

There are three types of Nintendo Wi-Fi Connection.

- Play a battle, trade or voice chat with friends who you have registered to your Pal Pad [see page 49].
- Trade your Pokémon with other Trainers at the Global Trade Station [see page 52].
- Battle with other Trainers in the Wi-Fi Battle Room [see page 56].

Nintendo Wi-Fi Connection is an online game play system provided by Nintendo for people to connect and play games worldwide. You can use compatible hotspots all over the world or your own wireless LAN connection.

Nintendo Wi-Fi Connection allows multiple Pokémon Diamond Version owners to play together over the Internet—even when separated by long distances.

- To play Nintendo DS games over the Internet, you must first set up the Nintendo Wi-Fi Connection (Nintendo WFC) on your Nintendo DS system. Please see the Nintendo Wi-Fi Connection instruction booklet, available at www.nintendo.com/consumer/manuals if you need directions on setting up your Nintendo DS.
- To complete the Nintendo WFC setup, you will also need access to a PC that has a wireless network device installed (such as a wireless router) and an active broadband or DSL Internet account.
- If you do not have a wireless network device installed on your PC, you can order a Nintendo Wi-Fi USB Connector (sold separately) directly from Nintendo.
- Nintendo Wi-Fi Connection game play uses more battery power than other game play. You may prefer to use the AC Adapter to prevent running out of power when using the Nintendo Wi-Fi Connection.
- You can also play Nintendo WFC compatible games at selected Internet hotspots without additional setup.
- See the Terms of Use Agreement (pages 58–61) which governs Nintendo Wi-Fi Connection game play and is also available online at www.nintendowifi.com/terms.

- * The nickname you use will be seen by others when playing multiplayer games using Nintendo WFC.
- * To protect your privacy, do not give out personal information such as last name, phone number, birth date, age, e-mail or home address when communicating with others.

For additional information on the Nintendo WFC, setting up your Nintendo DS, or a list of available Internet hotspots, visit www.nintendowifi.com (USA, Canada and Latin America) or call 1-800-895-1672 (USA/Canada only).
